### Chapter G Dinner Ride

March found Chapter G meeting first to bowl, then dinner at Harmon's Barbecue. It was a fun time for those who participated, We have some good bowlers in the Chapter.

# SPONSOR'S BLOCK

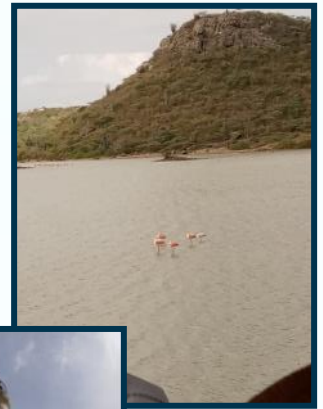

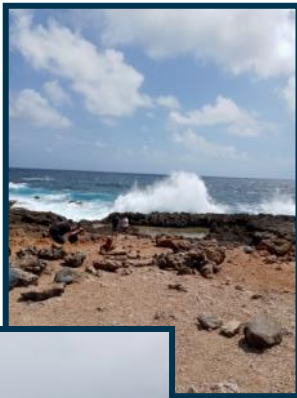

Greetings and Happy Spring!

Since Karen and I have the pleasure of being this month's sponsor, we'd mention the cruise to Central and South America we just completed. We flew to Ft. Lauderdale for a few days first. Then we got onboard and set sail. Time at sea!

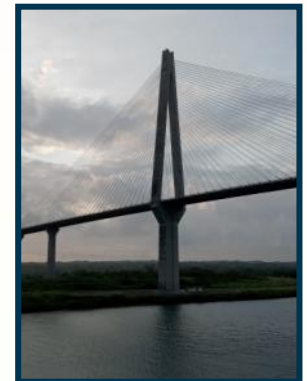

# SPONSOR'S BLOCK

We sailed until we arrived at the ABC Islands (Aruba, Bonaire, Curacao)  
Aruba first, then on to Curacao. We then sailed westward to Columbia.

Then onward to the Panama Canal - that was quite the experience. I'd been thru it a number of times on Navy ships, but this was a MUCH nicer experience. Then we went up the coast to Costa Rica - we were impressed with how nice it was. The monster bus ride into the rain forest was a trip! We saw a poison dart frog and a sloth.

We really enjoyed the trip.

Fair winds and following seas-

## Who's that guy?

Who's that guy sitting down there by himself?" ; That's where it all began. A group of us from Chapter G were camping at the Horse Park with some of the Central Kentucky Riders when we noticed a guy with a Leesure-Lite sitting down the row all alone. Some of the guys went down to have a chat with him and that is how Deward Brake was introduced to Chapter G. Since that fateful day I have been blessed to get to know one of the most interesting guys I've ever met.

Deward grew up on a farm, with outside plumbing. He got his first bike at the age of 14, a motor scooter that replaced his old LPC (leather personnel carriers...boots, to us civilians). His first bike after the scooter was a 1956 Harley Davidson Hummer. Wanting to do more with his life than farming, he joined the Army, which turned out to be a blessing; giving him more control over his future , and allowing him to make more money while doing something he really enjoyed...driving.

Deward trained as a Heavy Truck Driver and was sent to Germany. From there he was sent to SHAPE (Supreme Headquarters Allied Powers Europe) in Paris, France to serve as a chauffeur. SHAPE is the military arm of NATO. This was General Eisenhower's command during WW2. He was in Paris for 17 months and another 13 months in Belgium, and was the official driver for six "4-star" Army and Air Force Generals.

In 1968 Deward was reassigned to Ft. Hood, Texas, and in 1969 was sent to Vietnam one week after his brother Boyd, a Marine, was killed in Action. He completed his year of duty in Vietnam with the 14th Cavalry in July, 1970. His favorite Army memories were of traveling around Europe with his friend Ken Meske, and he fondly remembers all the pictures of the pair of them in their suits and ties. Chauffeurs had to look nice, you know. The two of them were even at Le Mans the year Ford came in 1st, 2nd, and 3rd.

Deward retired from Regular Army in 1976 with 3 Bronze Stars, a Purple Heart, Meritorious Service, 3 Army Commendations and an Air Force Commendation as well. One month later he joined the Kentucky National Guard full time.

# In the Spotlight

## Who's that guy?

I had the honor of traveling with Deward on several Western Trips, the last one being in 2012 when we toured Glacier National Park, Yellowstone, and Grand Tetons. Our last night on the road I bought him a steak dinner in Iowa after 436 miles on the road that day, and another 436 the next day to get home. Total trip was 5,059 miles. It was a great trip despite the fact that 4 of us went out and only 2 came back (LOL)...but that's another story.

Deward said that his favorite ride story was a solo Western trip he took in 1992 following the Lewis and Clark Trail on an 1100 Gold Wing that was built in 1960. During that trip he pulled into a camp spot late, put up his tent and went to sleep. It wasn't until morning when he got up that he saw the sign, "NO CAMPING...BEARS!" He returned from the trip with duct tape holding the bike together and tons of memories of the road.

We go to our monthly gatherings and chat with our friends every month. Sometimes we get close, and sometimes we are just acquaintances, but the truth is, we are surrounded by amazing people who have lived amazing lives. Heroes are all around us. Consider taking the time to get to know their stories and then you will truly know how special our Chapter G family really is.

### BIKER'S PRAYER

May the sun rise in front of me  
 May the rain fall behind me  
 And the wind follow me  
 May the angels guard my travels  
 For they know the road ahead of me  
 Keep me safe through swirling turns and rolling hills  
 Let the eagle guide me to the mountaintops  
 Let the moons light guide me through the night  
 Lord, thank you for letting me be a biker

## Chapter Director's Report

What a month for the G. If you haven't participated in anything this month you have missed a lot of fun. We have been celebrating our birthday all month and we've had a blast! Dinner ride was bowling and then out to dinner. The ladies weekend will be covered by others but I hear they had a great trip.

We are in Texas this week and I have to give a big Yee Haw to Gary Heil for putting this adventure together. The weather has been great and I think Gary has a connection with the highway department as all roads have been fantastic!

Let's talk about Texas, they like their houses of worship as there are places on every corner in cities and towns. Like country songs say, they love their big trucks that make big noises. They also love their Longhorns and Brahma bulls. Hope to hit a steak place soon. For some reason, 4 way stops are their favorite way to control intersections. We were riding in the middle of nowhere and came up to a 4 way stop. Makes you go hmm. I'm sure there will be stories to share so make sure you are at the meeting Tuesday April 4.

We've made it through the long winter and temperatures are starting to crawl up the thermometer. Ice cream rides start in April and more fun rides, dinners, and activities are on the calendar for the summer. Please take time to join us for a ride or dinner.

Ride safe,

*Randy and Kim Pommier  
Chapter Team Directors*

## Assistant Chapter Director's Report

If you missed our March Dinner Ride, I'm sorry to tell you that you missed a great time. We started at the bowling alley, where some bowled and some just sat back to enjoy the show. I can't say that we were making bowling history, but we sure did have a great time. We actually have some pretty good bowlers at Chapter G...and also a few of us non-bowlers, but when we were all mixed in together, the result was pure fun. The sound of pins flying was mesmerizing and the longer we were there, the more I started to recognize something teetering on the verge of paranormal.

There were plenty of Goal Posts and Big Four Splits. So many actually that I believe they started to affect our behavior. That's the only way I can explain how this could happen:

Maybe it was just me, but I don't think so. We were doing so good that we put everyone else in the place to shame, so they all left, and we eventually had the whole place to ourselves.

Chapter G has a whole bunch of great events planned this year. Do yourself a favor and come out for the fun!

Be Safe and HAVE FUN!!!!

## Special Events

Well another G Birthday has come and gone. Do you feel any older? I don't, however, my own birthday is in April, that may change things a little.

As the weather is breaking there is more socializing going on, more riding and it makes us all feel a bit happier to get out of the house and feel the sunshine and get the recommended dose of Vitamin D. Spring is actually my favorite time of year to ride. I like seeing the buds on the trees turn to green leaves with just a splash of purple every now and then. It makes me happy know that more spring colors are on their way.

With warmer weather coming that brings camping opportunities as well. Rick and I have scheduled some camping trips and would like to invite you to join us. We are camping at Elkhorn Campground in Frankfort, June 24th - 26th. We are also camping at General Butler State Park, July 8th - 10th (site 48). We may or may not have our grandchildren, but none the less if you would like to join us, please make reservations and let us know.

The KY Ride In is happening June 3-4 in Bardstown. We hope you are registered to attend, we are really going to have a great time! We as a chapter should definitely support Chapter A in their planning of this event. Several of them attended the Ride In we planned in 2021. I can't wait to see everyone and join in the fun!

Make sure to check the District website for registration for the KY Blast, August 25-27th. Information will continue to be posted on this upcoming event.

Will you be attending Wing Ding? If so, KY has been assigned to work the GWRRA store on Saturday July 2nd. We need 15 volunteers for both the morning and afternoon shift. Please contact me if you are willing to work.

Remember April showers bring May flowers.... Happy Easter!

## Membership Report

Hello Chapter G Friends,

Yeah – Spring is here finally – the days are getting longer and the temperature is getting warmer – we are so excited to have the official riding season start.

Let's have fun with all of the planned events, long weekends, meetings, and ice cream rides in 2022. Let's show fellow bikers how much fun Chapter G has!!

GWRRRA and Chapter G's core principle is having Fun. Check out our Kentucky District's newsletter to see the monthly publication called "Here's The Scoop." The articles are from GWRRRA members who share their ideas on having fun whether it is traveling or games that they have played within their Chapter and District.

Also, please check your membership cards for expiration dates to ensure that your membership is current. Please contact us if any of your contact information has changed—we don't want you to miss anything. If you have any questions or need assistance, please don't hesitate to contact us.

Please check out all the GWRRRA benefits by visiting: [GWRRRA.ORG](http://GWRRRA.ORG)

## Treasurer's Report

Hi Chapter G,

Congratulations to our winners from the March Get Together!! Kim Pommier won the \$10 membership draw this month. Rick Cridlin won 1<sup>st</sup> place of \$35, Peggy Thornton won 2<sup>nd</sup> place of \$21 (lucky Peggy) and Troy Robinson won 3<sup>rd</sup> place of \$14.

Thank you to all who participated at the March Gathering.

I want to thank Dean and Kim Hedger for doing a great job selling tickets at our March Gathering!! If it wasn't for Dean and Kim selling our tickets and our wonderful members purchasing our 50/30/20 tickets, we wouldn't have the opportunity to do the fun events that we do each year.

## Rider Education

Signs, signs, everywhere are signs! When I ride, this catchy tune often pops in my head. While you may disagree with the message in the song written by Les Emmerson of the Five Man Electrical Band, it is true there are many different types of signs posted along our highways, all designed to provide information about traffic and highway conditions ahead. In the early days of motor vehicles, there were no standards, and no road markings either. In 1911, the first center line was painted on a road in Cleveland. In 1915, the first STOP sign was planted in Detroit, followed five years later by the first three color traffic light, also in Detroit.

Today we have the Manual on Uniform Traffic Control Devices, or MUTCD, that sets a minimum standard for all highway signs so that everyone can better understand the information they offer. First issued on November 7, 1935, this manual defines the meaning behind each shape and color of the signs in use. And it is reviewed and amended as needed at regular intervals.

The color of roadway signs is an important indicator of the information they contain. Each color is also defined with a pantone number for uniformity. The use of red (187) on signs is limited to stop, yield, and actions that are prohibited like NO PARKING. A white background indicates a regulatory sign, such as speed limit signs. Red and white signs indicate laws applicable to that section of highway. Yellow (116) conveys a general warning message, such as signs posted to indicate curvy roads or pavement that may be slippery when wet. Green (342) shows permitted traffic movements or directional guidance. These are commonly seen along our interstate highways indicating exits and travel lane details. Fluorescent yellow/green (382) indicates pedestrian crossings and school zones. Orange (152) is used for warning and guidance in construction zones, and like regulatory signs, indicate laws that are required to be observed. Coral (198), a pink color, is used for incident management signs. Blue (294) indicates road user services like rest areas and handicapped parking, tourist information, and evacuation routes. And brown (469) is for guidance to sites of public recreation or cultural interest like parks and recreation areas.

The shape of a sign can also alert roadway users to the type of information displayed on a sign. Traffic regulations are conveyed in rectangular signs that are taller than they are wide, or square. Other shapes used for regulatory signs are octagons for stop and inverted triangles for yield. Diamond-shaped signs signify warnings. Rectangular signs that are wider than they are tall provide guidance information. Pentagons indicate school zones, and circular signs warn of railroad crossings.

## Awards

At the March meeting, a plaque was presented to John Keiter for his six years as Pins and Patches Co-ordinator. John is climbing the ladder to success in GWRRA. He is now Pins and Patches Coordinator for the District.

Spring has sprung and riding season and Ice Cream Rides have begun. Participating in the Ice Cream Rides is a good way to rack up some points for the Attendance Awards as there are more of these than any other category of events. Also, if you have not been part of the mileage contest before, please join us. You may not ride the most miles, but you could be our "average rider" for the year. Just sent an email to me at [awards@chapterg.org](mailto:awards@chapterg.org) noting what your odometer reading was at the beginning of the year.

## Couple of the Year

This year a COY raffle was started to support the COY program. We will be selling tickets to win a new 22 inch Blackstone Griddle, which will be given away at The Blast. The winner need not be present to win and, Rick Cridlin will personally deliver the Griddle to the winner if you are on your bike or cannot take it home from The Blast.

I will have raffle tickets with me at our gathering and events leading up to the raffle. Tickets are \$2.00 each.

We were fortunate to have the COY Mascot Smokie. We took him to see a few sight around town.

## Pins and Patches

Hello all. We've had a taste of Spring and it's been wonderful. Can't wait until it decides to stick around for longer than a day or two. You all have seen what pins and patches I have and know that most are out of date. I hope to have samples of the current patches by the meeting. You also can order some from the GWRRA website. I also hope to have the new shirt options available at that time too. Not much more to say except Spring is here and riding season is starting in April, so be safe out there.

## Newsletter Editor

We still need sponsors for December. It's only \$10 per month. The 2022 Sponsor Theme will be — Whatever Floats your Boat! So, you can submit whatever is on your mind — Tips, trips, family, grandkids, kids, pets, etc.

If you have an item for sale that you would like to include in the newsletter, please send me a picture, price and info.

We continue to acknowledge a "G" member each month in the newsletter. This acknowledgement can be about a recent accomplishment, graduation, course completed, etc. Please send the information and be sure to include pictures.

This newsletter is published to keep our members informed about Chapter G. If there is anything you wish to see in the newsletter, that is currently not appearing, please let me know and we will take it into consideration.

## Name That Butt

It's hard to get good pictures of people bowling. They are always facing away from you when the action happens. Use these six pictures to solve the riddle below.

Determine whose derriere is pictured. Then take the first initial of their last name to fill in the blank and solve the puzzle.

The Riddle.... What's going on here???

Hint- Who bowled? Randy and Kim Pommier, Charlie and Peggy Thornton, Jack and Carol Redd, John Eicher, Lean Cridlin, Donita Nardi, Dave Ahrhardt (Sorry Dave. I know your name is spelled Ehrhardt, but I had to change it for the sake of the puzzle. Thanks for the sacrifice)

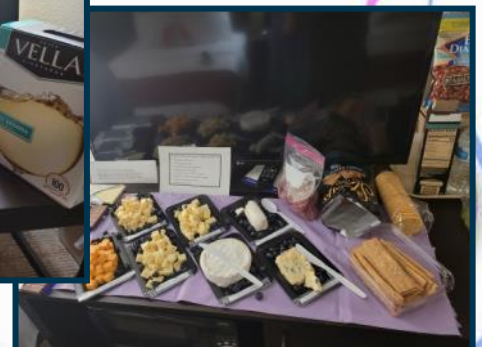

## Texas Trip and Girl's Weekend

What a March for Chapter G. Several G members made a trip to Texas. They trailered their bike and headed to Texas There their they visited Tom and Charlotte Hall and then spent several days riding.

Our Assistant Chapter Director planned a wonderful Girl's weekend. We traveled to Chapter C's meeting. Then we headed to Evansville, IN for dinner. Back at the hotel we had a wine & slipper party. On Sunday we attended Chapter K's meeting.. It was a very enjoyable weekend. If you forget about being stuck on I-71 for 3 1/2 to 5 hours due to a wreck involving a semi. But, we all got home eventually.
