The [website](#) now features an [Event Calendar](#) which lists dates for all social, camping and rides. Details for each type of event are located separately. Ride event details can be found here [Ride Schedule](#).

Welcome to the River Valley Riders, "The G", a local chapter of Wing'D Riders, located in Northern Kentucky (Florence). We are a group of like-minded motorcyclists who gather to ride! We welcome all brands of motorcycles.

# Chapter G's Christmas Party

This year we held our Christmas Party at Lothar's in Hebron. The meal was delicious. Our numbers were small, but we had a great time. Thanks to everyone who brought an appetizer or dessert to share. A special thanks to Kim Artmayer and Carol Redd for creating beautiful centerpieces and a door prizes. Dirty Santa was fun, a few gifts were stolen and we had a "special guest". Be sure to "Save the Date" for our 2025 Party

# Chapter G December Gathering

Another White Elephant exchange at our December gathering. It's so much fun seeing what gifts get stolen the most and then seeing what's in it. Thanks to everyone who attended and brought food to share.

It's hard to believe that 2 years as the Assistant Chapter Directors is already behind us. As we begin our time as the Chapter Directors we would like to thank everyone who agreed to stay on as coordinators and to those who agreed to step in for the coordinators who have stepped down.

Being the Chapter Directors requires the help of the coordinators to keep the Chapter going. Like most organizations, it takes a Team to succeed. We have a great team, but are missing one vital position, and that's the Assistant Chapter Director(s). We are hoping to fill this position sooner rather than later.

We are looking forward to the coming year and all that is possible with the G. It is our hope to attend many chapter visits, to get the plaque when possible, but also to get visitation points. As some of you know, the winning chapter in visitation points receives a check from the State. Let's work to get this for 2025!

Our ride coordinators are busy getting rides ready for the 2025 riding season. If you have any suggestions of rides you would like to do, please be sure to let Lesley and Steve know.

We are open to all suggestions that will help grow and/or move the Chapter forward. Please present your suggestions to any coordinator and they will be addressed at our monthly coordinators meetings. We want to continue open communications with the Chapter.

One of the final responsibilities of the Assistant Chapter Directors is to present the outgoing Chapter Director with a gift for the Chapter. This gift was presented at our Christmas party. For those who were unable to attend, the plaque we presented to Donita is shown below. She was extremely moved and grateful to the Chapter.

Chapter Director

Happy New Year! Wishing everyone a year filled with lots of riding and comradery.

Now that 2024 has ended, it is time to report your ending mileage for 2024 which will be your beginning mileage for 2025. If you have not participated in the mileage contest before, report both your beginning and ending odometer readings for the year.

Mileage awards are presented for:

Extreme Riders – those who ride more than 10,000 miles for the year

The three top riders below 10,000 miles

The average rider

The person who comes the closest to guessing the combined miles ridden by all the participants in the mileage contest without going over the total is awarded the SWAG Award (Scientific Wild A\*\* Guess). Everyone is encouraged to take a guess.

If you have more than one motorcycle, record the ending odometer reading for each. Send yours and your co-rider’s guess as to total Chapter mileage for the year for the SWAG Award. The deadline to submit data is 11:59 P.M., Sunday, January 19, 2025. You may email the information to me at awards@chapterg.org or give it to me at a meeting. If I am not at the meeting, please give the information to Ron Harper who will forward it to me.

Riding season may be ending, but you can still attract new members to our group. In the past we have tried exhibiting our hobby at various locations: malls, motorcycle dealerships, etc. This has not proven to get us the attention that we deserve, and with a very busy calendar this year, wouldn't you rather be out riding than sitting in a parking lot? I know that I would. So this year we will be trying something different. We will be ducking!!

What is ducking you say?? Well, we have acquired some very friendly little ducks who have agreed to wear our Chapter information on their bellies. While you're out riding, if you see a motorcycle or trike sitting somewhere and you think that it would look happier if it was with Chapter G, you simply place a little happy duck on the seat and let it do its magic. The hope is that we play on the riders curious nature and they check out our wonderful website. And, if they like what they see, maybe they will come and check us out. It's simple, fun, and doesn't cost us any time sitting in a parking lot waiting for the riders to come to us.

So get a couple of ducks and keep them in your bike/ trike. You will know when the opportunity is right. Let's just do what we love to do, and get out and ride! If you need ducks, just let me know, or come to a get-together and pick some up!

Stay safe and HAVE FUN!!!! \*\* Donita

Happy New Year everyone. After reviewing and reflecting on what I have learned during the past year, now is when I start to plan for the things I would like to learn in the coming year. I found the results of a survey of women riders and thought it would be good to share.

Women who ride are happier, more confident, and sexier, according to a survey commissioned by Harley Davidson. Now, I am usually skeptical of a survey commissioned by a party with a vested interest in the results, particularly when the survey confirms the results sought by the entity that requested the survey. However, in this case, I believe that we as experienced riders would find the results of the survey to be logical. We all have a thorough understanding of the complexities of riding. Mastering any complex task typically leads to a feeling of confidence and pride in that skill. I think that those of us who frequently take Advanced Rider Courses, and are always striving to improve our riding skills, have an even greater sense of confidence and pride. So, given that feeling of pride and confidence, it seems logical that anyone who learns this skill, and particularly those who continually seek to improve, would have an enhanced overall sense of self-worth, confidence, and pride. How that impacts other aspects of someone's life would vary by the individual, but a general improvement in outlook and well-being is logical.

While this survey looks only at women who ride their own bike, I think there are several aspects of this line of thought that would extend to a co-rider. Most of us have experienced, or at least understand, just how significant an impact an untrained co-rider can have on the safe operation of any motorcycle. Instability at low speeds can become severe if the co-rider is not stable. Cornering at any speed can be made more complex by a co-rider in the wrong position, or by one moving around during cornering. Needless to mention, screaming and pounding on the rider is not helpful, either. The skilled co-rider, on the other hand, is an asset. Not only does their proper riding technique enhance the stability of the bike, a co-rider assisting with navigation, observation, and communications can reduce the task load of the rider. It seems logical that the confidence and pride of the skilled solo rider could easily extend to the skilled co-rider.

As you look forward to a new year of riding to new places, decide now to make learning to ride better one of the destinations. Register to take a rider or co-rider education course. Knowledge is power. The skills and experience you learn in these controlled situation classes will give you a good base from which you can draw when similar circumstances occur on the street. Consider also getting involved in the Levels program. This is a great way to show your pride and confidence to others.

CAMPING COORDINATOR

January 2025 and the calendar is filling up already. How does that happen? When you hang out with busy people, it can happen rather quickly! Gatherings, chapter visits, state events, dinner rides and camping.

Campgrounds are getting busier and busier. When Covid hit, people still wanted a way to travel, but they needed a way to travel and not have to mingle with others. Camping was a way to do that. Most campgrounds require you to be self-contained. That meant you couldn't use the public bath houses; you needed one of your own. Campers were flying off of the dealership lots. Manufacturing wasn't able to keep up with the demand. Now there are so many campers and people actually using their campers you can barely get in at a campground on the fly.

I recently learned of a campground in Dandridge, TN where you can make reservations two years in advance. Rick and I visited the campground this past weekend and it is VERY nice and would be worth the wait. Custom fireplaces or fire pits on each paved site, views of the lake and the mountains with a boat

dock. Individual facilities in the bath house.... Very bougie in the camping world.

Why am I boring you with this information? Well because when we put our camping calendar out, you will want to make your reservations pretty quickly. The sites fill up fast and you don't want to miss out on all the fun. There will always be a hotel or lodge within close distance so the hotel campers can join on our fun rides during the camping weekends.

2025 is going to be a busy year, I can feel it already! Do you have your planner ready? Are you open to fun? We look forward to happy weekends, bonfires, rides and happy campers this year!

*Rick & Leah Cridlin  
Camping Coordinator*

Happy New Year! We hope the holidays were a beautiful end to a wonderful 2024.

If you've been places that you think others in the chapter would like to go, we always invite suggestions all year long for places or routes. Suggestions at this time are particularly appreciated as we are now actively looking for places and planning routes for this year.

We look forward to seeing you at chapter meetings and social events until riding season starts. Remember to get your "Follow the Red Bike" and/or "Let's go kill some bugs" shirts. These will be great to show off at the Ops meeting in February.

## The Month of January

January was named for the Roman god Janus, known as the protector of gates and doorways, who symbolize beginnings and endings. Janus is depicted with two faces, one looking into the past, the other with the ability to see into the future. What a fitting symbol for this first day of the year; this month is our door into the new year. Read more about all 12 months' names here. The Romans often made promises to Janus and exchanged good wishes.

## January Calendar

- **January 1 is New Year's Day.** While you're still recuperating from the prior night's parties, read about some other New Year's traditions you might not know about and celebrate with some Hoppin' John for good luck.
- **January 5 brings Twelfth Night,** an English folk custom that marked the end of Christmas merrymaking and, in ancient Celtic tradition, the end of the 12-day winter solstice celebration. On Twelfth Night, it was customary for the assembled company to toast each other from the was-sail bowl.
- **January 6 is Epiphany.** According to the New Testament's Gospels, on this date, the Magi—the three wise men or kings—venerated and brought gifts to the infant Jesus. Bake a beautiful Epiphany Tart or a King Cake with a lucky bean inside!
- **January 17 is Benjamin Franklin's birthday.** He was not only a world-renowned statesman, inventor, and scientist but was also fascinated by agriculture. Here at the Old Farmer's Almanac, we consider him the father of almanacs!
- **January 20 is Martin Luther King Jr. Day (observed).** This holiday is held on the third Monday in January and honors the principles of this civil rights leader and Nobel Prize Winner dedicated to nonviolence. This year, January 20 is also Inauguration Day.
- **January 29 is the Chinese Lunar New Year.**

## "Just for Fun" Days

January is National Clean Up Your Computer Month and National Hot Tea Month! Here are some more fun things to celebrate in January:

- **January 1:** Z Day (On this day, those whose last name begins with "Z" get to go first instead of last.)
- **January 3:** National Chocolate-Covered Cherry Day
- **January 6:** National Bean Day
- **January 8:** Elvis Presley's Birthday
- **January 10:** National Houseplant Appreciation Day
- **January 14:** National Dress Up Your Pet Day
- **January 20:** National Penguin Day
- **January 22:** National Answer Your Cat's Questions Day
- **January 29:** National Puzzle Day
