Wing'D Rider Rally #3 June 25—28, 2025

The Box—Box Elder, SD

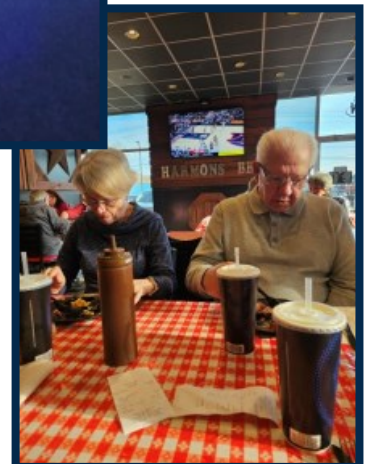

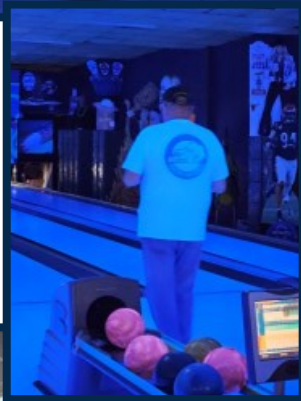

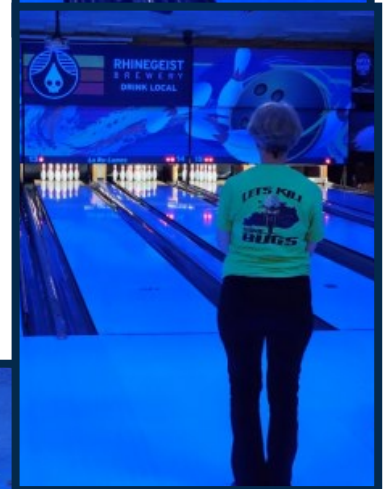

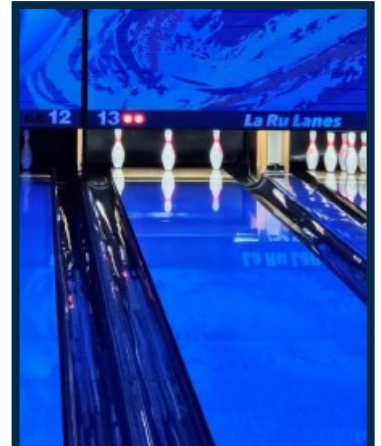

The [website](#) now features an [Event Calendar](#) which lists dates for all social, camping and rides. Details for each type of event are located separately. Ride event details can be found here [Ride Schedule](#).

Welcome to the River Valley Riders, "The G", a local chapter of Wing'D Riders, located in Northern Kentucky (Florence). We are a group of like-minded motorcyclists who gather to ride! We welcome all brands of motorcycles.

March Dinner Ride and Glo Bowling

Our March dinner ride had a few enjoying glo bowling at La Rue Lanes in Highland Heights. It was the boys against the girls. The girls won the first game 286 to 260. The second game the boys won 327 to 285. The hour ended before the 3rd game was completed, but in the end the boys were victorious 587 to 571. After bowling, the group headed to Harmon's BBQ for a great dinner.

Ice Cream Ride Award

Chapter G has been holding their ice cream rides for over 20 years. 2 members, Steve Centner and Paul Hartke have been helping lead and ride tail for many of these years. They were both honored with an award and a poem from Carol Redd.

“Hey! Let’s go on a bike ride!”
someone exclaimed,
A mere twenty something years
ago.
But then they wondered ... who
would lead them,
And just how far would they be
willing to go?
And what if they couldn’t find their
way back,
And were forever lost from the
“G”?
Or what if no one wanted to lead
them,
What kind of bike group would
they be?
Well, just then a young man volun-
teered,
(Or maybe he was slightly coerced)
But either way it worked out per-

fectly,
‘Cause that guy is still riding in
first!
Yep! It was our very own Steve
Centner,
And he’s led rides we consider su-
preme,
But I must say the rides most entic-
ing,
Were those ending with a scoop of
ice cream!
Now if there ever happened to be
a bike ride,
That included some problems or
wrinkles,
It turned out fine as long as it end-
ed with ...
Whipped cream ... and multi-
colored sprinkles!
But let’s not overlook who rode in

the back of our group,
It was our own Paul Hartke and I’ll
make this clear,
Without Paul keeping us together
and safely through
lights,
We could have had ... a disastrous
encounter with a deer!
So we want to thank you, Steve,
for leading us,
And just know ... we’d follow you
anywhere.
And we want to thank you, Paul,
for following us,
For we felt much safer with you
back there!
And thanks to you both for taking
us on rides,
For years and years ... without
stopping.

CHAPTER DIRECTOR

Riding season is here! Please be sure to check your bike before you start to ride.

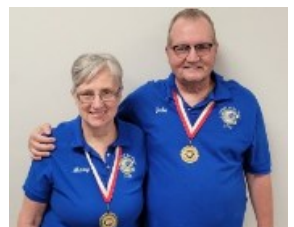

John and I are looking forward to all the events that are planned this riding season. It's going to be hard to skip some, but I know due to other commitments we will miss a few.

I have to wonder what is stopping you from the Riding Events? Social Events? State Events? Is it the day they are held? The time they are held? Or just not your thing? I know everyone LOVES to ride, but what's stopping you from participation in these events? Email us your issues and we'll pass these along and see if we can get any resolved.

We have been the Chapter Directors for 3 months now and this time is going fast. We would like someone or a couple to really think about serving as the Assistant Directors. I know it's a big commitment but, believe me, there are so many people to help you out and the time goes by fast. It's important to have this position filled sooner rather than later. I know we were apprehensive when we decided to take the role of Assistant Chapter Directors, but with all the help we received, it wasn't that bad.

Don't forget to get more ducks or the handle bar hangers to pass out while you are out riding this season. Let's grow this great chapter! See Donita if you need more of either of these items.

John & Mary Eicher
Chapter Director

In 2024, Chapter G had 122 events which can be categorized in 6 groups.

There were 46 Social Events such as dinners without rides, bingo, Christmas party and End of Summer picnic; 37 Ice Cream Rides; 16 Rides; 12 Meetings; 6 Chapter Visits; and 3 Camping Trips.

Last month we honored the three people who attended the most total events. This month we recognize those who attended the most events by category.

Eight members attended all 12 meetings: Rick and Leah Cridlin, John Eicher, John and Robbie Feldkamp, Donita Nardi, Jack Redd and Luanne Williams.

Howard Gaiser rode 30 of the Ice Cream Rides; Steve Centner 29, and Jack Redd 24. Our Ride Coordinators lead 13 of the 16 rides while Kim Pommier rode on 11 and Ron Harper and Randy Pommier both rode 10.

Mary Eicher participated in 41 Social Events, Kim Pommier 33 and Jack Redd 26.

Mary and John Eicher visited 4 other Chapters while Rick Cridlin visited 3.

Six people attended all three camping Trips: Rick Cridlin, John and Mary Eicher, Ron Harper, Dean Hedger and Donita Nardi.

The year 2025 has started out to be another year of fun filled activities for Chapter G, so put on your dancing shoes or riding boots and have some fun!

Gary, Darlene, Michele & Raven Heil

Riding season will soon begin, but you can still attract new members to our group. In the past we have tried exhibiting our hobby at various locations: malls, motorcycle dealerships, etc. This has not proven to get us the attention that we deserve, and with a very busy calendar this year, wouldn't you rather be out riding than sitting in a parking lot? I know that I would. So this year we will be trying something different. We will be ducking!!

What is ducking you say?? Well, we have acquired some very friendly little ducks who have agreed to wear our Chapter information on their bellies. While you're out riding, if you see a motorcycle or trike sitting somewhere and you think that it would look happier if it was with Chapter G, you simply place a little happy duck on the seat and let it do its magic. The hope is that we play on the riders curious nature and they check out our wonderful website. And, if they like what they see, maybe they will come and check us out. It's simple, fun, and doesn't cost us any time sitting in a parking lot waiting for the riders to come to us.

So get a couple of ducks and keep them in your bike/ trike. You will know when the opportunity is right. Let's just do what we love to do, and get out and ride! If you need ducks, just let me know, or come to a get-together and pick some up!

Stay safe and HAVE FUN!!!! ** Donita

Membership Enhancement Coordinator

As I sat down to write this, I had just ridden home in high wind. This is a good example of a training opportunity that can offer valuable experience before heading West to the Rally this year. But more on that subject at another time.

Last month I broached the subject of packing your gear and properly loading your motorcycle. Especially for longer trips, the weight of the required gear can be more than your motorcycle gross vehicle weight rating (GVWR) allows. As promised, here is part 2; ways to carry the “stuff” you need or want to take with you and staying safe while doing so.

The first option is to purchase what you need when you need it and then dispose of it when you are finished using it. While I admit this is not very cost-effective nor environmentally friendly, the one credit card that you use to purchase everything will not overload your motorcycle. This method does have the drawback that you must find or plan the locations of all your purchases and take the time to make them. And there is also the chance that your size is not in stock.

A second and less expensive option is to organize your clothing and other equipment into convenient packages and ship it to your destination(s). Having a freight service deliver the items you need to use while at your destination will also not overwhelm your motorcycle’s GVWR. This method tends to be more reliable than the “buy it now” option above but can be somewhat of a burden to your wallet and has the drawback that you will also need to find a way to ship the items (if they are not disposable) back home.

The third option, and the one I have almost always chosen, is to use what the former GWRRA described as “alternative loading” of the items you need or want to take with you while touring. The most common form of alternative loading is using a trailer. The advantage of a trailer is the weight that adds to your motorcycle’s GVWR is only the weight of the load measured where the trailer connects to your tow vehicle, called tongue weight. To illustrate this, let me use my circumstance as an example. I have a Bushtec Turbo+2 which weighs about 125 pounds empty. Industry standard for trailer tongue weight is about 10% to 15% of the gross weight of the trailer and its con-

tents. When I pull my empty trailer, the weight on the motorcycle at the connection point of the trailer hitch (the ball or pin) should be between 12 and 19 pounds. As discussed last month, this is well within the capacity of my 2004 Gold Wing, especially if the trunk and saddle bags remain empty. The GVWR of my Bushtec is 350 pounds, which means I can add to the trailer up to 225 pounds of “stuff” before I overload the trailer. When fully loaded, the tongue weight should be between 35 and 53 pounds. Again, this load is still within the capacity of my bike under the same circumstances. Of course, this option, like the others, also has drawbacks.

The first drawback is that the trailer, hitch, and supporting harnesses and gear must be purchased and installed on your towing vehicle. While this cost can be substantial in the short term, when properly maintained trailers can last the life of your bike, and often longer, depending on frequency of use. Second, shifting cargo can change the balance of everything and cause unsafe and uncomfortable experiences. Third, while we are using the trailer as an alternative way for the motorcycle to carry the load, our bikes still must start, stop, and steer the complete rig on the road. In my case, at its maximum, an additional 350 pounds is now being controlled by the same brakes that were installed on my motorcycle which were not designed to manage this much mass. And finally, all this weight is at the end of a lever (the tongue of the trailer) that now has a mechanical advantage to force the rear wheel of your motorcycle in the direction of the trailer’s momentum if it chooses.

Next month we will consider ways to mitigate the drawbacks of pulling a trailer.

TREASURER'S

Hi Chapter G,

Congratulations to our winners on the Tuesday, March 11, 2025, Chapter Get Together!! Carol Redd won the \$10 "Membership" Draw this month. Tom Reilly won 1st place for \$21, John Keiter won 2nd place for \$13, and Rick Cridlin won 3rd place for \$5.

Thank you to all who participated in the March Gathering.

Also, we want to thank Dean and Kim Hedger. They did a great job selling our 50/30/20 tickets. If it was not for Dean and Kim selling tickets this month and our wonderful members/guests purchasing our 50/30/20 tickets, we would not have the opportunity to do the fun events that we do each year.

RIDE COORDINATOR

Yay for Tech Day on April 12th. It's like the unofficial start of riding season. Even if you don't need any maintenance, come on out and chat with all your fellow riders, eat delicious food and talk about rides you've done, want to do and what we have upcoming.

April 26th will be a more local ride to La Torta Loca Restaurant. They have 2 locations and we've been to both and neither disappoints! We will be heading to the Florence location in order to make a more enjoyable ride. Delicious food, good portions and a funky vibe. Even if you don't ride, definitely feel free to meet us at the restaurant.

The month of May sees us going to Ohio for both rides. We will again attempt the Milford Schoolhouse ride. This will be a dinner ride as they don't open until 4 pm. It was cancelled last year due to Hurricane Helene. Later in May we ride to a fun restaurant located in an old 2-room schoolhouse (circa 1913). Fun vibe and grilled cheese sandwiches are their specialty. They have a large deck for outside dining too.

As usual, more information will be provided at the April meeting.

Bowling was a blast!! Even if you don't bowl, getting together with our RVR family is always a good time. And when you put those rented shoes on, the suspense starts to build. Now, turn off the lights and bring a glow to the room and the fun is just amplified over and over. Now sprinkle in some strikes and splits, and the joy of glowing balls, and what you have is a really good time. We followed it up with a fabulous meal and wonderful conversation at Harmon's BBQ. Everyone agreed it was a fun event. Thanks to all who attended.

So what's next? I have set up reserved seating at the Florence Y'all's Game on July 18th. The Y'all's will be playing the Mississippi Mud Monsters. With a name like that, it's gotta be a good game. Seats are \$10 each and are right behind the plate. Please let me know if you want to be added to the list!

The Month of April

April is the fourth month of the year and is known for its beautiful spring weather, blooming flowers, and Easter celebrations. However, there is much more to this month than meets the eye. In fact, there are plenty of interesting and surprising things that make April unique.

- The cherry blossom trees in Washington D.C. typically reach their peak bloom in early April.
- April is National Grilled Cheese Month in the United States.
- The zodiac signs for April are Aries and Taurus.
- April showers bring May flowers, but they also bring mud and puddles.

Random Facts About April

- April is also National Poetry Month.
- In ancient Rome, April was the second month of the year.

- Finally, April is the perfect month to let loose and have some fun, whether that means pulling pranks, enjoying the warmer weather.

How Easter is Determined

Easter falls on the first Sunday after the first full moon following the Spring Equinox. The Spring Equinox marks the day when day and night are roughly equal, usually around March 20th or 21st.

The date of Easter is determined by the lunar calendar, which means it can fall anywhere between March 22nd and April 25th.

Wing'd Rider Rally #3 Update

I am very disappointed with our pre-registration numbers for WRRally #3 as they are running way behind expectations and even fewer than at this time last year, for WRRally #2.

We simply cannot hold a big rally like this, in a facility like the BOX in South Dakota, with estimated attendance numbers as they are now and expect any vendors to show up.

I have no choice but to cancel the rally and reschedule to a new location in July of 2026.

Later this spring I will put together 2-3 choices for the WRR#3 in 2026 and present it to the members for a vote.

Processing of full refunds for all that have pre-registered for this year's rally, will begin on/or about April 15 with the goal of having all refunds processed by April 30th.

I want to thank all current members for their loyalty to WING'D RIDER and hope that you will assist me in choosing a better location for the 2026 rally.

Sincerely,

John Lazzeroni President
