## River Valley Riders—Chapter G

### September 2025

*"FRIENDS FOR FUN, SAFETY, AND KNOWLEDGE"*

**NEXT GET-TOGETHER:** Tuesday 9/9/25 — American Legion, Post 4, 8355 US-42, Florence, KY 41042. 6pm Social Hours, bring your meal to eat. 7pm Meeting.

The [website](#) now features an [Event Calendar](#) which lists dates for all social, camping and rides. Details for each type of event are located separately. Ride event details can be found here [Ride Schedule](#).

Welcome to the River Valley Riders, "The G", a local chapter of Wing'D Riders, located in Northern Kentucky (Florence). We are a group of like-minded motorcyclists who gather to ride! We welcome all brands of motorcycles.

## Lawson's Junction & Rowlett's Milkhouse Creamery

Our last lunch ride in July had our group traveling to Campbellsburg Ky to Lawson's Family Restaurant. After lunch we visited Rowlett's Milkhouse Creamery for some homemade ice cream.

Lawson's food was delicious and the portions were large. Be sure you're hungry when you go. The ice cream at Rowlett's was so creamy, you have to give it a try if you're in the area.

Carol had to try one of the hush puppies and Donita decide a just a Pork Sandwich.

## SwampWater Grill

Located on Kellogg Ave. in Cincinnati, this restaurant offers delicious food. A few popular dishes are jalapeno poppers, gator bites, Bayou Shrimp and Tomahawk Pork Chops. Connected to this restaurant is an antique mall that you can browse through and spend some money.

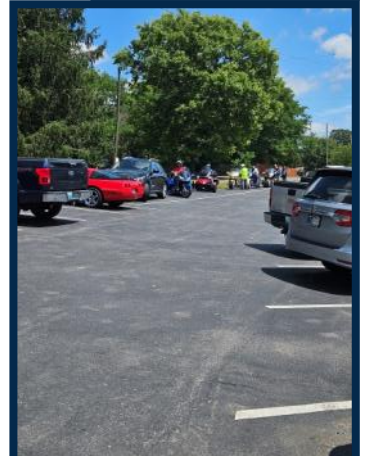

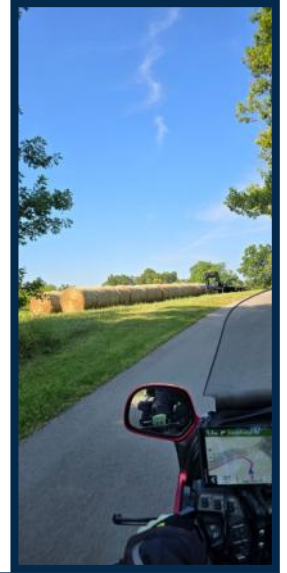

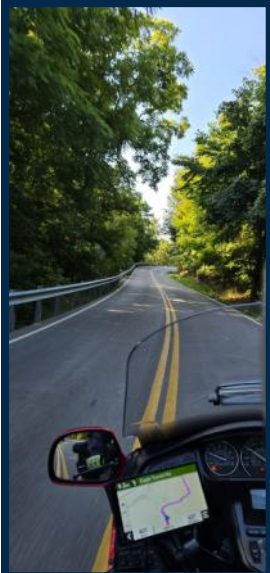

Our group tried the gator, poppers, pork chops and crawfish etouffee. The portions were large that many from our group took home to-go boxes.

## Our Best

Our last lunch ride for August was to a favorite of Chapter G...Our Best in Smithfield, KY. The weather was perfect for those on 2 and 3 wheels. We were happy that the Quires and the Centners were able to join us. If you haven't been to Our Best, you need to check them out. The food is yummy and plentiful. Don't forget to save room for the delicious desserts.

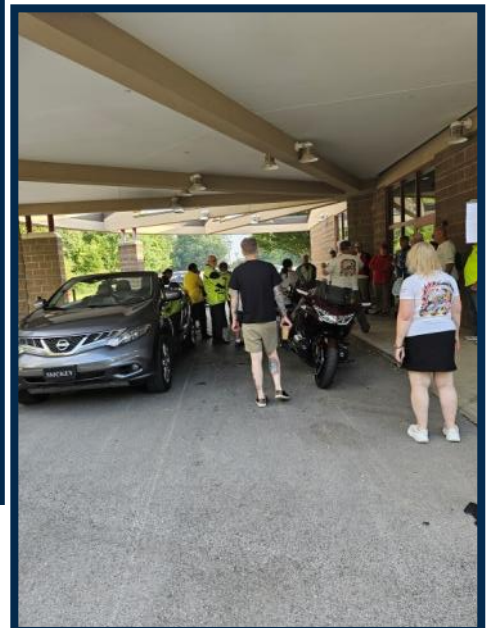

# The Blast

The Blast this year was held at General Butler State Park. The facility was just perfect for the event. Between the lodge, cabins and camping, you had your choice of where to stay. Although it was hot, several members participated in the Bike Games and the Guided Rides.

The State Team did a excellent job with the Team Challenge Game and Friday's Casino Night. The games were fun and one was very creative. The band, The Charitables played throughout the night while members played the casino games. Chances for 20/30/50, \$300 grand prize, door prizes and chapter baskets were also a hit. We also can't forgot the State Educators game of Jeopardy for a prize.

There were 13 vendors at the event and everyone enjoyed shopping at their booths.

If you didn't attend this year, be sure to consider attending in 2026. It will be held again at General Bulter State Park.

## SPONSOR'S BLOCK

While we were stationed in Heidelberg Germany John had a Kawaski 550 GTL. similar to the one I have pictured here. This was a great bike for the roads of Germany. We would ride with another couple, the Jones, all over Heidelberg and the surrounding areas. It was beautiful country to see. You would see castles or wine vineyards on the hillsides. The streets were narrow but for a motorcycle they were fine. We were young and could enjoy just hopping on the bike and taking off.

One trip to a shopping mall, ended my time on a motorcycle. There were several levels in the parking garage and John was going up the ramps to the top level. However, as he went up the last ramp, he laid on the gas too much and the bike did a little jump at the end of the ramp, causing us both raised off the seat of the bike. Well, John was pushed back, which pushed me back and I landed on the rubber grab handle. One busted tailbone ended my time on a 2 wheeled motorcycle.

It wasn't until we went to a G meeting in 2018 that I told John if he would trike his motorcycle, I would ride again.

Kawaski 550 GTL.

A view of the Heidelberg Castle that we saw going to and from work everyday as we lived in a city outside Heidelberg called Handschuhsheim.

Patton Barracks where John was stationed.

Chapter G received 3 recognitions at the Blast this years:

- Chapter G had the most members pre-registered. We have around 23 total at The Blast.
- We won 1st place for visitation points and received a \$100 check.
- We also won 1st place for the traveling plaque points and received a plaque and \$100 check.

John and I would like to thank everyone who took the time to travel to the chapters to help us get visitation points and to try and get the plaque. We hope to repeat again for the awards in 2026.

You still have time to complete the RVR Bingo. Just be sure to send or give your bingo sheet to Donita before our picnic on 9/20/25. Hope you have signed up to join us at the picnic. It should be another great time. Be sure to see the Special Event article as it has all the details you need.

It's hard to believe that we are heading into September and nearing the end of the riding season. I hope everyone had a great time with the rides that were planned for 2025. I'm looking forward to seeing what is coming for 2026.

Please be sure to let Lesley and Steve know of any rides you would like to see for 2026. Also, if you have any suggestions for a camping trip or a special event , be sure to let Leah, Rick or Donita know. They are always happy to get suggestions.

## Had a BLAST at the BLAST!!

The 2025 KY BLAST is now in the books, and if you missed it, you sure missed a great time. It was a welcome change to have a room full of vendors awaiting the arrival of our members with all sorts of items for our members to shop. It has been difficult to get vendors to our rally for several years, but this year, the State Team really cracked the code. With 5 guided rides over a two-day span, team challenges, informational classes, Wingo, and plenty of friends, this was truly an awesome event. And the Friday night delight of Casino Night was a huge hit!

When we talk about the issues facing our current organization, you always hear at least a few people grumbling about the fall of GWRRA and Wing'd Rider. Some folks feel that we don't need an organization backing us at all to keep what we have in Kentucky. But if at some point this year you enjoyed the Ride-In, the Ops meeting (with the escape room), or the Blast, there is your proof that it is good to have that backing. Without it, all of those events would be much more difficult and costly to provide.

JMC Riders is a mere \$40 per year for a couple. That's less than \$3.50 per month!! Do you remember what you last paid for GWRRA??? And you renewed every year without giving it a thought. Our organization is new and is not now, or may never be at the caliper of GWRRA, but it offers us the ability to continue having the FUN that we are all used to having, at a lower price than ever before. So, **when your membership comes do, renew, and let the FUN continue.**

"It takes a village." How many times have you heard this in your lifetime? How many times have you said it yourself? Commonly, this proverb emphasizes that it takes the collective support of community involvement in the development of a child to be happy, healthy, and well-adjusted. Uncommonly, I think this phrase can also be used in consideration of any personal or group development. This month let us explore and reflect on this idea to get a sense of its meaning.

The root of this idea is in the word community. From Dictionary.com we find the following information (edited for space considerations):

com·mu·ni·ty

/kə'myo͞onədə/

noun

- a group of people living in the same place or having a particular characteristic in common.
- the people of a district or country considered collectively, especially in the context of social values and responsibilities.
- a feeling of fellowship with others, as a result of sharing common attitudes, interests, and goals.

From the Merriam-Webster we also get similar information:

- a unified body of individuals: such as the people with common interests living in a particular area
- a body of persons of common and especially professional interests scattered through a larger society

And from the Cambridge Dictionary:

- the people living in one particular area or people who are considered as a unit because of their common interests, social group, or nationality

When I was researching this month's article, I also came across the following chart that shows the use of the word community in various written forms of communication during the last few hundred years.

I joined GWRRA KY Chapter G in 2009 because I was looking for a group of people with whom I could ride and learn about motorcycles and motorcycling. I had been to a few rallies, but to each one I went by myself, because I only wanted to take advantage of the demo rides the factories offered there. And I had never camped (not even once) until I joined Chapter G. I had no idea what to expect or what to bring or how to act.

In each instance above, I had no idea that what I would learn, that what was really going on in these activities was the very definition of community. People coming together for social interaction, discussion, and camaraderie. People always willing to offer assistance when it was needed, and willing to pool and share resources so no one was left at a disadvantage. Everyone taking their turn at a booth or task so that everyone could experience some fun or relaxation during the event. Everyone willing to use their unique talent to add their one piece so the puzzle was completed without any one person doing all the work.

The KRR 2025 Blast has just been entered into the history books. For me, it was a great experience and a prime example of all three examples of community: camping, rally, and riding. The village this year seemed a little bit smaller, but the willingness of the people to share the work and the resources, to step up when others falter, was still alive. I look forward to the next rally, camping opportunity, and group ride so I can continue to help those in need, and know that if I am the one that needs the help, someone will step up, share their unique talent, and be there for me.

TREASURER'S

Hi Chapter G,

Congratulations to our winners on Tuesday, August 12, 2025, Chapter Get Together!! Marilyn Elam won the \$10 "Membership" Draw this month. Carol Redd won 1<sup>st</sup> place for \$16, Ron Harper won 2<sup>nd</sup> place for \$10, and Robbie Feldkamp won 3<sup>rd</sup> place for \$7.

Thank you to all who participated in the August Gathering.

Also, we want to thank Dean Hedger and Jack Redd. They did a great job selling our 50/30/20 tickets. If it was not for Dean and Jack selling tickets this month and our wonderful members/guests purchasing our 50/30/20 tickets, we would not have the opportunity to do the fun events that we do each year.

## RIDE COORDINATOR

Well, at least it didn't rain for our ride to the Swampwater Grill and the Riverside Antique Mall, but it was hot. It was a shorter ride, about 1.5 hours starting at 10 am to avoid most of the heat. The route was a little different than other rides as it wasn't exactly "backroads" as you know them. It was an urban tour of little used side roads in Anderson Township. We rode up and down the hills, around and around the curves, yep, hills and curves in the "AT" as it's referred to locally. A special side trip was made to a very exclusive neighborhood with a few homes, sorry, mansions, being pointed out that belong to some local celebrities....ask Steve or I or better yet ask a member who was on the ride, for the details.

The lunch at Swampwater Grill was incredible, service was great and the atmosphere was fun. Creole/Cajun is the theme and they also have some wonderful smoked meat options. Thanks to Howard for the suggestion. I've learned that you can always trust a food recommendation from Howard! I think we pretty much all took large doggie bags home. Appreciation also goes to John K. for running tail for us – thank you John.

The Blast at General Butler State Park was a treat for Steve and I as we got to go on rides we didn't plan or lead. Steve did the Fort Knox ride, while Jennie K and I rode in Ron's convertible "Smokey" with the Scenic ride planned by Steve C and driven by Ron in Smokey. On Saturday, Steve and I were in the Kentucky State Capital ride, planned and executed beautifully by Roger Early. We so appreciate those who planned, led and ran tail for these rides at the State Rally. We also did some riding ourselves on Wednesday to several locations we were scoping out for potential rides for River Valley Riders for 2026.

Kudos to the state team for the entire Blast, but

particularly for the Casino Night...so much fun and such ingenuity. We enjoyed playing all the games of chance.

Our 2<sup>nd</sup> ride in August took us to a long time RVR favorite...Our Best in Smithfield KY. 6 bikes started out from Crestview Mall and we picked up another 3 bikes at the Flying J in Walton about 40 minutes later, as the ride route took us right past the "J". The weather was perfect, cool, somewhat cloudy and we rode some wonderful curvy roads, surrounded by corn, hay bales and tobacco. I even heard somebody say that one of the roads, was a first for them ☺, which is something to hear as I thought for sure that our members had ridden most all the roads around, over the many years.

It was nice to see Mary, Joyce & Windy and Steve & Babette at the restaurant when we arrived. Our Best, did not disappoint at all. Oh my, and several of us even succumbed to the Blackberry Cobbler....so stuffed! Lively CB chatter on the return route made sure that nobody was falling into a food coma as John K. thought was a distinct possibility. In all, 16 members enjoyed not only the good food but the camaraderie of our RVR community.

Many thanks to John K. who volunteered to ride tail again, both ways. We are so appreciative of his time doing this to make the ride easier for us to lead, and safer for all our riders.

You still have time to sign up at the September chapter meeting for the ride on Saturday September 13<sup>th</sup> to Kim's Southern Table in Germantown Ky.

*RVR Ride Coordinators*

Hello Chapter G,

Recently, Luanne & I went to Parke County, Indiana which is very popular due to its 31 covered bridges, and we ended up seeing 19 covered bridges. The trip was beautiful, the weather was great, and it was more than we expected. Upon our arrival, the covered bridge routes were laid out to navigate easily in a car. We were thinking about taking this trip on a motorcycle but after the large amount of gravel roads, it would be unsafe for anyone on 2 wheels. We could take a trip there as a group if we went in cars at which it would be a beautiful weekend. The scenery is great, and the covered bridges are beautiful, and the state parks, lodges and hotels are very nice.

After taking our trip, here is some information we found on the internet that would be helpful in planning a motorcycle trip:

1. **Research the Area:** Research the routes, roads and hazards that you may encounter.
2. **Plan Your Route and Book Your Lodging ahead of time:** Use a reliable GPS or mapping app to plan your route and have a physical map as a backup.
3. **Check the Weather** and pack the gear that you will need for the weather that you will encounter.
4. **Pack Essentials:** Pack your clothing, medication, first aid kit, tools and a tire repair kit.
5. **Safety Gear:** Always make sure to wear appropriate safety gear, including a helmet, gloves, jacket, and boots.
6. **Stay Connected:** Inform someone about your travel plans and check in with them regularly. Carry a fully charged mobile phone and consider bringing a portable charger.

**Enjoy the Journey:** If you are not feeling well, drowsy or sick, do not ride. Also, make sure you are hydrated. Take your time and enjoy the ride and stop to take in the scenery, meet new people, and make the most of your adventure.

## It's Time to CELEBRATE US!!

Our annual end of summer picnic is fast approaching, and this year the theme will be CELEBRATION! I'm sad to admit that I missed our Chapter Birthday back in March, but I'm eager to make up for my mistake by putting together a picnic to celebrate our beloved Chapter G (RVR) and all the family members that make it so special. This year's picnic will highlight what we have built together over the years and help us all to remember how special and unique a group we really are. Think about your life, and the good times you've had, and then try to think what it would have been like if you had never joined this group? What if you had never met any of these wonderful people? No groups to ride with, less ice cream, and certainly a whole lot less FUN!! We've laughed together, cried together and supported each other in good times and bad. We are more than a motorcycle group; we're a happy little community of folks who likely would never have met had it not been for our passion of riding.

How many times have you gone to a "celebration of life" of a friend, and in viewing the many photos and videos, came to a realization that there was so much more to that person than you never even knew about. Maybe you had things in common that you could have talked about or dream destinations that you could have visited together. Why do we wait until people are gone to celebrate their lives?? Let's do it NOW!!! This event will give everyone the opportunity to share a little of their wonderful life with the people we spend so much time enjoying. So, bring your stories, your hopes and dreams, whether they have come to fruition or fallen by the wayside. Share with us who you are!! (Unless of course you're some kind of spy, or in the witness protection program...in which case, just make something up). At the last get-together I handed out a slip of paper with some things you might like to share:

As a child, what did you want to

be when you grew up?

What was your favorite job and why?

What was your most exciting job and why?

What was your favorite vacation?

What is your dream vacation?

What is farthest you've ever been from home?

Do you have kids? Grandkids?

Have you ever met anyone famous?

Tell us something interesting about you.

It's not a test, and you don't have to answer them all, or any of them is you choose not to. Just come enjoy great food, play games, sit and talk with friends, and stay for a movie under the stars. Hope to see you there!

# TRAVELING PLAQUE

The Traveling Plaque promotes visitation between chapters. Each chapter has a chance to capture the plaque by attending the chapter meeting of the chapter who currently holds the plaque. Points are given at each meeting that your chapter attends. At the end of the year, at the KY Blast, the chapter with the most points, is awarded the plaque.

Check on [KY State Calendar](#) for updated information on meetings.

The new year has started for the traveling plaque. Chapter A has the plaque and it will be available at the 9/13/25 meeting.

Okay, I know this might look familiar, but here's the deal... River Valley Riders deserves an annual ride challenge. The KRR Team has already released their ride challenge, and I must admit it's a very good game. So, we're just gonna borrow some of it. This is Scavenger Hunt BINGO. All these places can be found in Northern Kentucky. Ride to them, take a picture of your "Thumbs Up". Just as with BINGO, all you need to do is get one solid line (across / down/ diagonal) and that will get you a drawing entry. The more lines you get, the more entries you'll receive. All "BINGO's" will need to be turned in by the September Get-Together, and the winner will be drawn at the end-of-season picnic.

Now for the BEST PART!!! All your pix can also be used for the State Ride Challenge! Now, have FUN and get out and RIDE!!!
