River Valley Riders—Chapter G

November 2025

"FRIENDS FOR FUN, SAFETY, AND KNOWLEDGE"

NEXT GET-TOGETHER: Tuesday 11/11/25 — **NOVEMBER ONLY!**—Chuy's, 6825 Houston Rd., Florence, KY 41042. 6pm eat at Golden Corral & Social Hour. 7pm Meeting. Back room is booked from 5:30pm—8:00pm.

The [website](#) now features an [Event Calendar](#) which lists dates for all social, camping and rides. Details for each type of event are located separately. Ride event details can be found here [Ride Schedule](#).

Welcome to the River Valley Riders, "The G", a local chapter of JMC Riders, located in Northern Kentucky (Florence). We are a group of like-minded motorcyclists who gather to ride! We welcome all brands of motorcycles.

Ray Conrad

November 14, 1954—October 11, 2025
Williamstown

Ray Conrad of Williamstown, KY was born November 14, 1954, in Covington, KY and died Saturday, October 11, 2025, in Edgewood, KY at the age of 70 years.

He was the son of the late Gerald Ray Conrad and Thelma Mae Barnet Monbaren. He was retired from Aristech Acrylics LLC and was a member of the Dry Ridge Christian Church. On March 30, 1985, he was united in marriage to his wife, Kathy Lynn Starns Conrad. Ray had a love of classic cars and trucks and was a member of the GWRA Goldwing Club.

Surviving is his wife Kathy Conrad of Williamstown; son, Gerald Thomas Conrad of Crittenden; daughter, Susanne Marie Conrad of Elsmere; granddaughter, Sabrina Rogers; great-grandchildren, Preston and El-loween; two brothers, Thomas Lee Conrad and Michael Harmon Conrad both of Williamstown; nephew “but like a son”, Michael Brant Conrad; half-brother, Robert Scott Conrad; and half-sister, Mary Elizabeth Keith.

Lakehouse Grill, Clarksville, OH

It was a beautiful fall day for a ride. The group consisted of 15 members/11 bikes. They traveled to Lakehouse Grill for lunch. I'm told you'll want to go hungry as the portions are huge! During the ride they encountered 3 covered bridges, curvy roads, and camaraderie.

Yoder's Dinner Bell Market, Flemingsburg, KY

It was another beautiful fall day for a ride. This ride had to group heading to Flemingsburg, KY to Yoder's Dinner Bell Market. A great store that serves fresh salads and sandwiches.

SPONSOR'S BLOCK

Passing Of Time

When I looked at the calendar this morning, it occurred to me how quickly 2025 has slipped by. Then, as I got to thinking about it, I realized it did not really “slip” by. At least not for me and most of my biking friends.

With our traditional New Years morning breakfast gathering, we started out the year in much the same way as most of our gatherings have gone all year. From monthly gatherings, our State Ops Meeting (now named the Winter Warm Up beginning in 2026), our annual Tech Day, monthly Chapter Meetings, the Ride-In, The Blast, weekly Ice Cream Rides for some and Bingo for others, there was always something to keep everyone busy.

Thanks to our wonderful Ride Coordinators, Steve and Lesley, what a year of exciting rides throughout Kentucky, Ohio, and Indiana. Not only did the riding make for excitement, but the unusual places they have discovered for our lunch stops make sure there is nothing routine or boring when you attend their rides.

Let's not forget what we have experienced thanks to our Events Coordinator (Donita) and our Camping Coordinators (Rick & Leah). From camping in the Land Between the Lakes, Big Bone, and General Butler, the adventurous trip to South Dakota, to the fun of “Escape Rooms”, Soup /Dessert & Game Night, and the Family Picnic.

With our Annual Christmas Party still to come I just want to say THANK YOU ALL who have made 2025 a year of fun and good times. If you feel as I previously mentioned and you feel the year “slipped away” then make it a point in 2026 to get more involved. That way you will realize at the end of 2026 what a great year it was, and NOTHING slipped away.

Ron Harper

Thanksgiving: From Pilgrims to Pie — A Celebration of Gratitude and Togetherness

Thanksgiving is one of those rare holidays that asks us to do something simple, yet profound: pause and give thanks. It's a tradition rooted in history, wrapped in warmth, and served with a generous helping of pie.

The story begins in 1621, when the Pilgrims, having survived a brutal first year in the New World, gathered with the Wampanoag people to share a harvest feast. It was a moment of peace, partnership, and appreciation — a reminder that even in hardship, community and gratitude can flourish.

Over the centuries, Thanksgiving has evolved. Today, it's a blend of old and new: turkey and stuffing, laughter and football, family traditions and personal reflections. It's the one day where we all try — at least for a moment — to slow down and savor what we have.

For our motorcycle group, Thanksgiving is more than a holiday. It's a celebration of the road we've traveled together — the scenic rides, the shared meals, the campfire stories, and the friendships that continue to grow. It's about the people who show up early to help set up, who stay late to clean up, and who make every event feel like home.

This season, let's take a moment to appreciate the little things: the roar of an engine on a crisp morning, the laughter echoing through a campsite, the quiet nod of understanding between riders. These are the moments that define us — not just as a group, but as a family.

MEMBERSHIP ENHANCEMENT

THE NEW JMC RIDERS Website Now LIVE!

This New Website (www.JMCRIDERS.com) will serve as the “HUB” for ALL of our Members.

Our Current Members Should Receive an Automatic Email Invitation to Login to the New Website with Temporary Password.

For those with lapsed memberships, please register as a new member here and then we will re-configure your membership number and charter membership status, to your previous Wing’d Rider membership number and then mail out your new JMC RIDERS membership card/cards.

For questions or assistance during this process, please send email to SUPPORT@JMCRIDERS.com

Together with YOUR help, we can build the new JMC RIDERS Group back to the membership numbers of the original Wing’d Rider and beyond!

Also, during the next 60 days, we will be choosing new individual state directors from the current membership and making available all new patches, pins and t-shirts ,,, Welcome Aboard!

Donita Nardi
Membership Enhancement Coordinator

AWARDS COORDINATOR

The third season of the year has arrived. This may be the last month for some of us to ride this year. Since I have not had the opportunity to ride very much this year, I hope to get out this month to enjoy the cool fall days and the color full scenery.

For those participating in the mileage contest and preparing your motorcycle for the winter, please record your ending odometer reading and forward it to me. If you have more than one motorcycle, record the ending odometer reading for each. If you did not participate in the mileage contest last year, please provide your beginning and ending odometer readings. Send yours and your co-rider’s guess as to total Chapter mileage for the year for the SWAG Award. The deadline to submit data is 11:59 P.M., Sunday, January 18, 2025. You may email the information to me at awards@chapterg.org or give it to me at a meeting.

Fuel Part 1

Rider education is more than just learning and practicing tips and techniques on how to handle your motorcycle to keep yourself and others safe. It is also about learning how to maintain your health and the health of your motorcycle. One of the many things that is required for good health is a fresh supply of fuel.

By definition, a fuel is:

- 1) A combustible matter used to maintain a fire to create heat or power
- 2) Something that gives nourishment
- 3) An energy source for engines, power plants, or reactors
- 4) Something that sustains or encourages

The riders and co-riders of motorcycles, most of whom are human, have varying tastes and needs when it comes to fuel to keep them healthy. But they all share one thing in common, the need for water. The adult human body is in fact up to 60% water. While not a fuel per se, water is consumed by the body and needs to be replenished on a regular basis. Fortunately, modern society provides a plethora of different sources of clean water for human consumption.

Most motorcycles produced today still use gasoline for fuel. Gasoline is a petroleum-derived product comprising a mixture of liquid aliphatic and aromatic hydrocarbons, ranging between C4 and C12 carbon atoms with the boiling range of 30–225°C. It is predominantly a mixture of paraffins, naphthene, aromatics and olefins. Originally gasoline was known as a byproduct of the production of

kerosene and discarded by burning or dumping as waste. With the advent of the automobile, gasoline became valuable, and by 1911, more gasoline than kerosene was sold.

Today we have three main grades of gasoline typically available at retail fuel stations: regular, mid-grade, and premium. The difference between the grades of gasoline is the octane rating. This rating is an indication of how well the fuel will resist spontaneous combustion inside the cylinder, also known as pre-ignition or engine knock. Some companies have different names for these grades of gasoline, like regular, unleaded, mid-grade, medium, super, premium, or super premium, but every grade will indicate the octane rating. The lowest octane rated gasoline is usually the least expensive, but that does not mean it is the best value. Vehicle manufacturers recommend the grade of gasoline for use in each model of their vehicles. Using a lower rated fuel risks engine damage, while using a higher rated fuel usually does not provide any additional performance.

In addition to the grade of motor gasoline, the formulation of gasoline may differ, depending on the location where it is sold or the season of the year. Federal and state air pollution control programs that aim to reduce carbon monoxide, smog, and air toxins require oxygenated, reformulated, and low-volatility gasoline. Some areas of the country are required to use specially formulated gasoline to reduce certain emissions, and the formulation may change during winter and summer months. These area-specific requirements mean that

gasoline is not the same everywhere. Gasoline produced for sale in one area of the United States might not be authorized for sale in another area.

The main difference between winter- and summer-grade gasoline is vapor pressure. Gasoline vapor pressure is important for an automobile engine to work properly. During winter months, vapor pressure must be high enough for the engine to start easily. In the summer, lower vapor pressure is required in many areas to reduce air pollution.

Gasoline evaporates more easily in warm weather, releasing more volatile organic compounds that contribute to health problems and to ground-level ozone and smog. To cut down on pollution, the U.S. Environmental Protection Agency requires petroleum refiners to reduce the vapor pressure of gasoline during the summer.

Be sure to tune in next month for Fuel Part 2.

Rick Artmayer
KY State Educator

TREASURER'S

Hi Chapter G,

Congratulations to our winners on Tuesday, October 14, 2025, our Chapter Get Together!! Randy Pommier won the \$10 "Membership" Draw this month. Janice Reilly won 1st place for \$20, Tom Reilly won 2nd place for \$12, and Lesley Hare won 3rd place for \$8.

Thank you to all who participated in the October Gathering.

Also, we want to thank Dean Hedger and Jack Redd. They did a great job selling our 50/30/20 tickets. If it was not for Dean and Jack selling tickets this month and our wonderful members/guests purchasing our 50/30/20 tickets, we would not have the opportunity to do the fun events that we do each year.

Jerry & Luanne Williams
KY State/
Chapter G Treasurers

SOCIAL SECRETARY

River Valley Riders—Chapter G would like to wish a very Happy Birthday and a Happy Anniversary to our members who are celebrating in the month of November. If you have a birthday or anniversary in November that I have missed, please contact me so I can update my roster.

11/12 Angie P.
Steve H.
11/15 Ron H.
11/18 D. Heil
11/22 Kathy C.
11/28 Stephen P.

11/28 Tom & Janice R.

If you have any information, for anyone who is sick or passed away that needs to be forwarded to our Chapter G family, please contact me at: social@chapterg.org.

Chris Davis
Social Secretary

Our first ride in October was to LakeHouse Grill in Clarksville OH, and it started out a bit cool at 54 degrees, but ended up with a sunny 72 degree ride home. 11 bikes and 15 people took part in this ride that had us going through 3 covered bridges before getting to the restaurant. Despite not normally taking reservations, the restaurant did set up a table for the 15 of us after I chatted with them Friday and then confirmed our numbers and arrival time on Saturday. The owner was thrilled and thanked us several times for choosing them.

They have a very varied menu and rather large portions, not that anyone complained about that. The soups, and chili are made fresh to order. The restaurant sits on a small lake/pond and also has a large deck for outdoor seating.

Our first of 2 comfort stops on the way up was kind of a fun stop as we told the group they just had to see the best bathroom in a county park. I think everyone agreed and checked them out even if they didn't need to use the facilities. We enjoy trying to make the rides fun and memorable in many different ways.

After lunch, we told the group during the pre-ride that our comfort stop would be at a UDF so they could get their ice cream fix. I really was kidding, and with the number of people that had to take home doggie bags from lunch, I was pretty sure nobody would partake. When we pulled into the UDF our 11 bikes took over the whole front parking lot and got lots of stares, pictures and questions from strangers. Now, I was just waiting outside while people went in to what I thought was to use the facilities, but when people didn't start coming out, I looked in the door and saw most everyone in line getting ice cream. I can just say that I severely underestimated the chapters love of ice cream.

Our second October ride and final ride of the year was to Flemingsburg, KY to Yoder's Dinner Bell Market. We started out a tad cool again, but soon had a warm and then sunny ride home. The sandwiches at Yoder's were large, tasty and very inexpensive. Our total bill for 2 sandwiches, 2 sodas, 2 bags of chips and 2 dessert tarts was only \$19. Some of us sat inside in what was the strangest dining area...the back room of the market/restaurant where they had 3 tables, and others sat outside in the sun at either a picnic table or made use of a few of the usual Amish made Adirondack chairs. It was a fun day! Great scenic country roads, great food and of course River Valley Riders camaraderie!!!

Again, our special thanks to Donita and John Keiter for offering to "tail" for these rides. So very appreciated by both of us and I'm sure by everyone on the rides.

Just a reminder, that if you have a destination or restaurant, you enjoyed or heard about, and think your fellow chapter members would enjoy, please let us know so we can look into it and put it on our list to possibly select for next year.

We will miss the rides, but look forward seeing everyone at the wonderful social events that Donita is busy arranging.

Steve & Lesley Holder
RVR Ride Coordinators

Hello Chapter G,

Here are the key steps to winterize your Honda Goldwing motorcycle, based on Honda's recommendations and expert advice from Goldwing owners and mechanics:

Essential Steps for Winterizing Your Goldwing

1. Change Engine Oil and Filter

- o Fresh oil prevents corrosion and removes acids that can damage your engine during storage.

2. Check and Fill Coolant

- o Ensure the cooling system is filled with a 50/50 antifreeze solution to prevent freezing.

3; Fill the Fuel Tank & Add Stabilizer

- o Fill the tank completely and add a fuel stabilizer (like Sta-Bil or Seafoam). Run the engine briefly to circulate the stabilizer through the system.

4. Drain Carburetors (if applicable)

- o If your Goldwing has carburetors and will be stored for more than a month, drain them to prevent varnish buildup.

5. Battery Care

- o Remove the battery and store it in a cool, dry place. Use a battery tender to keep it charged but avoid using a regular charger which can damage the battery.

6. Wash and Wax

- o Clean your motorcycle thoroughly and apply wax to painted and chrome surfaces. Use rust-inhibiting oil on chrome parts.

7. Protect Tires

- o Inflate tires to recommended pressures. If possible, lift the bike so both tires are off the ground to prevent flat spots.

8. Cover and Store Properly

- o Store your Goldwing in a dry, unheated area away from sunlight and dampness. Use a breathable cover (not plastic) to prevent moisture buildup.

9. Rodent Prevention

- o Seal exhaust pipes and other openings to prevent rodents from nesting inside. Consider using pest deterrents.

This will be my last article until the spring when we start riding again. I hope everyone has a safe fall and winter and both Luanne & I wish you and your families a Happy Thanksgiving, Merry Christmas and a Happy New Year. We will be looking forward to riding in 2026.

Jerry Williams
Motorist Awareness

Well, riding season may be coming to a close, but there is still plenty of fun in store for the RVR this year.

November 22nd at high noon, we will be meeting at New Riff distillery in Newport for an exclusive tour hosted by our very own Dean Hedger. This behind-the-scenes tour will last 1-1/2 to 2 hours and will be followed by an early dinner at Hofbrauhaus in Newport. Please let me know if you plan to attend.

December will bring our annual Christmas party on **December 6th**. Please see the information / registration form below and make sure to let me know if you plan to attend.

December 9th will be our Fun and Games get-together. No meeting...just fun. We will meet at 6, when you can bring something to share and/ or bring your own meal. Then Dirty Bingo will be arriving again, so start collecting those wonderful trinkets from around the house that you have lost your luster for. Wrap them in anything for concealment and bring them for some fun.

It has been a great year for River Valley Riders. Let's finish off strong. See ya' there!

Donita Nardi
Events Coordinator

Social Event Info – River Valley Riders

EVENT: New Riff Distilling Behind the Scenes Tour and Hofbräuhaus Restaurant

Date/Time: Saturday November 22nd. Time 12 noon. Tour is approx. 1-1.5 hours

Location: New Riff Distilling and Hofbrauhaus Restaurant (following Tour)

Signup: sign-up sheets or Donita (text or email) let her know if attending which event or both events

A new riff on an old tradition, that tradition or theme being Kentucky Bourbon. Founded in 2014 by Ken Lewis, a visionary Kentucky liquor retailer and entrepreneur, New Riff is led by a team of corporate refugees ranging from craft beer to politics and more. New Riff crafts a range of whiskeys—Bourbon, Rye, and eventually Malted Rye and a host of specialty recipes—as well as Kentucky Wild Gin. Our mission is simple: to someday be counted among the world's great small distilleries.

Authentic Bavarian Cuisine!

Calling All Chapter Members!

This newsletter is created with you in mind—so if there's something you'd like to see included, just let me know!

Got a Riding Story to Share?

We'd love to feature your adventures! Send in your article along with any photos, and I'll make sure it gets added to an upcoming issue.

Have Something to Sell?

Why not list it right here in the newsletter? Just email me the following:

- A photo of the item
- Price
- Description
- Your contact information

And don't forget—if your item sells, please let me know so I can remove it from the listing.

Newsletter Deadline:

All submissions (stories, items for sale, announcements) must be received by the 20th of each month to be included.

Mary Eicher
Newsletter Editor

All set up for the STURGIS Rally Stop! JMC-RIDERS T-Shirts & Hats in stock at the JMC Audio Trailer. The JMC-RIDERS Adventure Rides have been CANCELLED due to lack of participation. Stop by and see us at Rice's Motorsports 3337 E Mall Drive, Rapid City SD 57701. HONDA Demo Rides also on-site starting August 2nd. Help us celebrate the 50th Anniversary of the GOLDWING!

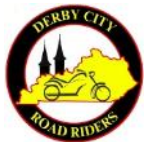

TRAVELING PLAQUE

The Traveling Plaque promotes visitation between chapters. Each chapter has a chance to capture the plaque by attending the chapter meeting of the chapter who currently holds the plaque. Points are given at each meeting that your chapter attends. At the end of the year, at the KY Blast, the chapter with the most points, is awarded the plaque.

Check on [KY State Calendar](#) for updated information on meetings.

Chapter G has the plaque and it will be available at our meeting on 11/11/25. **See below for November Gathering location. Changed due to Veteran's Day.**

The Month of November

November, the 11th month of the year, has 30 days and marks the beginning of the winter holiday season for most folks, even if the winter solstice doesn't occur until late December.

November Calendar

- **November 1** is **All Saints' Day**.
- **November 1** is also **Sadie Hawkins Day**.
- **November 2** at 2 A.M. is the **end of Daylight Saving Time**. Set your clocks back one hour on Saturday night at bedtime! See more about DST.
- **November 4** is **Will Rogers Day**.
- **November 4** is also **Election Day** (U.S.). Don't forget to vote in state and federal elections! Every vote counts. Make an Election Day Cake to celebrate.
- **November 11** is **Veterans Day** (U.S.) and **Remembrance Day** (Canada).
- If you're fortunate, you may experience an "**Indian Summer**" in November, but according to the traditional definition, it can only occur between November 11 and 20! What is an Indian Summer?
- **November 19** is **Discovery of Puerto Rico Day**.
- **November 27** is **Thanksgiving Day** (U.S.). Understand the history and origins of Thanksgiving.
- The day after Thanksgiving, **November 28** this year, is known as Black Friday.
- **November 30** is the **First Sunday of Advent**, marking the beginning of the Advent season.

"Just for Fun" Dates in November

November is Banana Pudding Lovers Month—who knew? Here are some more wacky celebrations to look forward to:

- **Nov. 1:** National Cook for Your Pets Day
- **Nov. 6:** Zero-Tasking Day
- **Nov. 9:** National Scrapple Day
- **Nov. 16:** National Button Day
- **Nov. 21:** World Hello Day
- **Nov. 23:** Fibonacci Day

November Moon & Astronomy

The Full Beaver Moon

November's full Moon is traditionally called the Beaver Moon. Why this name? In the colonial era, this was the month to set one's beaver traps before the swamps froze and beavers retired to their lodges, to ensure a supply of warm winter furs.

In 2025, November's full Moon occurs on Wednesday, November 5. Read our November Moon page for more information!
