Winter Doesn't Stop Us

February may be the shortest month of the year, but it always seems to pack in plenty of heart, momentum, and anticipation for the riding season ahead. As winter slowly loosens its grip, our chapter energy is already building, and I couldn't be more excited for what's ahead.

Even though the temperatures have been unpredictable, the spirit of our riders certainly hasn't cooled. Many of you have been busy prepping your bikes, and sharing ideas for spring rides. This kind of engagement is what keeps our chapter strong year round.

February is the perfect time to shake off the winter dust and start planning. Our Ride Coordinators are working on finalizing our ride schedule. Keep an eye out for upcoming announcements—you won't want to miss what's in the works.

If you have a favorite ride memory or story to share, I'd love to feature it in an upcoming issue. Your voices make this newsletter truly ours.

February may be a month centered around love, but for us, it's about connection—connection to the road, to our bikes, and most importantly, to each other. Thank you for bringing your enthusiasm, your ideas, and your friendship to this chapter. It's going to be a fantastic year.

Ride safe, stay warm, and keep the excitement rolling.

At the January Meeting, an award was presented to Dean and Kim Hedger for their service to the Chapter as the 50-50 Coordinators.

There were 111 activities for the Chapter in 2025. Fifty-five (55) people participated in at least 1 activity. The following chart shows the number of times they attended.

<u>Number of times Participated</u>	<u>Number of Participants</u>

RIDE COORDINATOR

Although preparations for a new riding season are underway and the ride schedule is in the works, please remember to send us your ideas/suggestions. We look forward to hearing from you all year long and keep track of them for current and future use. New suggestions can be worked into the year or an option for next year or even make the Impromptu Ride list. Email: ridecoordinator@chapterg.org or text 513.967.2645.

As with last year, rides are usually Lunch rides as it's easier and less expensive to do a lunch than a dinner. Any rides that are dinner rides will be highlighted. Additionally, we may try to work in a Sunday ride and also plan earlier starts and shorter trips for the hotter months.

Please be aware that many restaurants no longer accept reservations since COVID. To mitigate this, we do try to arrange arrival times to be either before or after their usual "busy times". Our ride sheets note the estimated arrival time, so you can plan your breakfast, snacks etc., to work with the lunch rides.

SPECIAL EVENTS

Hello all! I was sorry to have to delay our January event to Collection 21 and The Pub, but the best choice to make was the safest one. This eventful day is now moved to February 7th, and will follow the same timeline. At 2pm, we will meet at Collection 21, 2 Kenton Lands Road, Erlanger. The vintage car collection is housed in a large warehouse type facility which is heated, but may not be as warm as you like, so please dress appropriately. We will meander through the collection for a few hours (the museum closes for the day at 4pm). At 4:15 we will meet again just down the road at The Pub at Crestview Hills Mall. This is an English Pub style restaurant serving very good English Style cuisine. The day should be very enjoyable and I hope you will join us. We will not be meeting as a group before this event, so if you plan to attend, please let me know so I have some numbers for the restaurant.

Our second February event will be our annual Soup and Game night at the Lookout Farms clubhouse, 100 Lookout Farm Dr, Crestview Hills, KY 41017. Please bring a food item to share; a crock of soup, an appetizer, or a dessert, and we'll feast and have fun playing games until we can't take any more! This event will begin at 6pm.

Donita Nardi
Special Events Coordinator

My day job requires me to follow a project from its inception until its delivery to the customer. As a direct result, the customer becomes accustomed to contacting me with all of their questions about the product we are providing for their application. They will often then contact me during the installation, especially if things are not going smoothly as they commission the product. Many times, the roadblock the customer experiences is a result of their failure to plan their side of the project properly. Fortunately for me, we have an After-Sales department, and I can hand the customer off to them.

The best riding I have ever experienced has been the direct result of good planning. Benjamin Franklin has been credited with being the first person to suggest “If you fail to plan, you are planning to fail”. You can search the internet to confirm that many people have an opinion about this idea, but it seems to me that the concept is clear. I accept this idea as a rule in life, and I work hard to live by it. Lest you think this is untrue, just ask my wife.

As motorsport enthusiasts, we can all benefit from good planning. And I do not mean only when we are working on the details of some big tour from a bucket list. We can, and should, plan our everyday riding. Of course, there is no way to know every scenario we will encounter before our ride begins, but there is plenty we can do to plan and do the best we can for a successful and safe experience.

Our environment is constantly changing. Modern day forecasting is relatively consistent and, at least in my experience, provides enough accuracy to allow me to plan what equipment I need to wear and what additional accessories I will pack just in case. I find it especially important to look at the average weather scenarios for a given region. Knowing the average temperatures and precipitation helps in planning your equipment. Being comfortable is important for more than just your mood; it is important for safety, because if you are not thinking about staying warm or staying dry, you can concentrate better on the traffic conditions around you.

Traffic conditions are also constantly changing, but weekday traffic tends to present a predictable pattern and allows one to plan around it. Knowing where the usual bottlenecks occur allows us to plan a different and safer route. And listening to a local radio station that offers traffic reports will aid in choosing one of your planned alternate routes at the appropriate moment.

Maintenance of our transportation is always important for the best experience. Most every vehicle sold in the last century has been given a recommended service interval for various items to keep the vehicle trouble-free. It is important to know the number of miles and/or the duration of the trip to plan for proper maintenance. Longer trips require proper calculations to ascertain if maintenance procedures should be performed before or planned to be performed during the adventure.

Personal maintenance may be the most important planning you can make. Maintaining a proper diet is one way to plan for when the only food available is farther away than you thought and not as nutritious as you might otherwise need. A medically approved exercise program is one way to plan for a longer day than expected due to a traffic delay, or a more physical ride than expected due to strong weather. And participating in the occasional, at least annual, “on-bike” training is planning for the inevitable sudden traffic events that require the “muscle memory” such training provides.

I am my best customer when it comes to making a fun route for riding. Unfortunately, I do not have an “After-Ride-Planning” department to solve any issues I may encounter. While it is true that what doesn’t kill us makes us stronger, I like to avoid any uncomfortable drama on my trips by planning for as many scenarios as possible, so I have options for which I am equipped. I accept that I may experience failure in my plan, but I cannot accept failure because I did not make a plan.

As the year gets off to a running start, I have had several of you ask me about how to renew your memberships. I know it was a little confusing with the change-out from WingD Rider to JMC Riders, so let me see if I can answer some questions.

Believe it or not, it is fairly easy to renew your membership. And John Lazzaroni is making it even easier by allowing lapsed memberships to regain their "charter" status. Begin by going to the JMC Rider website:

<https://jmc corp.com/Memberships c 34.html?>

ALL CURRENT WING'D RIDER MEMBERS WILL AUTOMATICALLY BE CONVERTED TO JMC RIDERS GROUP MEMBERS.

FOR THOSE WITH LAPSED MEMBERSHIPS FROM THE PREVIOUS WING'D RIDER ORGANIZATION, PLEASE REGISTER AS A NEW MEMBER ON THE WWW.JMCRIDERS.COM WEBSITE AND THEN WE WILL RECONFIGURE YOUR MEMBERSHIP NUMBER AND CHARTER MEMBERSHIP STATUS, TO YOUR PREVIOUS WING'D RIDER MEMBERSHIP NUMBER.

FOR QUESTIONS OR ASSISTANCE DURING THIS PROCESS, PLEASE SEND EMAIL TO SUPPORT@JMCRIDERS.COM

Click on the RED BOX that says "Click Here..." and it will open into a login screen. When the changeover occurred, an email was sent out to all members that contained a password for you to use to set up your JMC login. If you didn't do that at that time, don't worry about it. This is also a simple fix. Below is the screen you should be looking at now. If you already have your login set, just log in. If not, just click the box and choose if you want a couples or individual membership.

TREASURER

Hi Chapter G,

Congratulations to our winners on Tuesday, January 13, 2026, our Chapter Get Together!! Donita Nardi won the \$10 "Membership" Draw this month. Luanne Williams won 1st place for \$32, Chris Davis won 2nd place for \$19, and Kim Artmayer won 3rd place for \$12.

Thank you to all who participated in the January Gathering at our new location (Acapulco) – it was great to be able to have dinner with our Chapter and our visiting Chapters A & C.

Also, we want to thank Dean Hedger and Jack Redd. They did a great job selling our 50/30/20 tickets. If it was not for Dean and Jack to sell tickets this month and our wonderful members/guests purchasing our 50/30/20 tickets, we would not have the opportunity to do the fun events that we do each year.

COY 2026—Jack & Carol Redd

COUPLE & INDIVIDUAL OF THE YEAR

When we were named Couple of the Year, no one was more surprised than us!
For we were ready to clap and cheer, and make over that new couple a fuss!
So when Mary said our names, it was a surprise, but admit we were delighted,
And in spite of our “deer in headlights” expression, we actually were excited!

But then reality set in and we asked ourselves some very important questions,
How should we act? What should we do? We needed some suggestions.
Then the answer came to us ... and we had an idea we'd like to share with you,
We would simply find some PERFECT G MEMBERS and imitate what they do.

So we tried imitating Mary and John ... but decided that was too tough,
For if we were just like Mary and John ... we'd be expected to know stuff!
So maybe we should copy Donita and Ron ... for they are second to none,
But realized ... if we were just like Donita and Ron ... we'd be expected to be fun!

Then we opted to imitate Leslie and Steve, for that would certainly suffice,
But decided ... if we were just like Leslie and Steve ... we'd be expected to be nice!
So then we thought we'd be like Luanne who gives away money at each G meeting,
But her generosity with Jerry's money is one thing we can't afford to be repeating,

So we'll just continue as we have in the past ... and let me be quite clear,
We don't know stuff, haven't been fun or nice or generous ... this or any other year!
And yet, you chose us as your Couple of the Year and for that we feel quite blessed,
So “THANKS G” for we think ... no, we KNOW ... YOU ALL are the VERY BEST!

Things to do in February

THINGS TO DO IN THE CINCINNATI AREA

- **February 1: Full Moon Walk: Skunk Moon at Rowe Woods.** Witness the night's magic transform the trails as you all marvel at the full moon and reveal natural history happenings on this guided hike. Full Moon Walks provide rare opportunities to hike Nature Center trails when they're normally closed. While each full moon walk varies, they generally stop periodically for natural history moments, special readings or simply to admire the shadows cast by the full moon. This program is recommended for adults and children 12+. Preregistration required.
- **February 7-8: The Cincy Boat Expo** will be at the Sharonville Convention Center. Attendees can explore a vast display of more than 70 boats, including pontoons, deck boats and bow riders. Tickets required, parking is free.
- **February 7: Winter Hike Series from Great Parks of Hamilton County.** This week's hike is at Miami Whitewater. This annual series of challenging and educational hikes, ranging from four to 5.5 miles, explores the natural history and unique features of five iconic Great Parks destinations. Join the hiking group that suits you best: the standard hike, a leisurely stroll, a fast-paced challenge, a family experience with nature games (perfect for kids ages 5-10*) and more! All hikes conclude with soup, cookies and camaraderie. Registration is required and closes at 3 p.m. the Friday before each hike
